

STONEFIELD CT 1730

Name: _____

It is a very cold winter in Stonefield this year. We are gathering all our root crops we have saved from our gardens to make a special soup.

Your family has been told to bring the _____.

As you rush home to get them from your root cellar, you think about the warm days of summer when you grew many vegetables. Your children want to know how you grew the vegetables. How long did you grow the plants? How did you plant them in your garden?

Use the vegetable chart to fill in the information about your crop.

Vegetable name _____

Days it needs to grow _____

How many plants can you put in a 100 feet of row? _____

What diseases did you have to be careful of? (name one)

How deep did you have to plant your vegetable? _____
